SUBJECT: ACCEPTANCE OF NOTIFICATION OF BANKRUPTCY FILING

Dear Mr. Roman-Valentin:

This refers to your letter dated July 2, 2012, notifying this office that on June 18, 2012, CMT, Inc. filed for bankruptcy under Chapter 7 of the United States Bankruptcy Code. Your letter is accepted as the notification required by 10 CFR 30.34(h).

Our records indicate that as of February 13, 2009, CMT, Inc. possessed five portable gauges and each of these gauges contained material authorized on the above listed NRC license. Please be reminded that this bankruptcy filing does not relieve CMT, Inc. of its obligations to comply with NRC requirements, including those relating to security and control of licensed material; decontamination and decommissioning of contaminated facilities; and the retention of personnel required by NRC regulations [e.g. the Radiation Safety Officer (RSO), authorized users, etc.]. Additionally, the license conditions, and the license remain in full effect even beyond the stated expiration date of the license, until terminated in writing by NRC, and inspections of your activities by the NRC will continue to occur.

You must ensure that the bankruptcy court and any trustee involved in the bankruptcy proceedings are made aware of the requirements specified in 10 CFR 30.34(b), that require written consent of the NRC prior to transfer of control of license or the licensed material. Any person or entity who takes control of licensed activities or possession of the licensed material must first obtain a license from the NRC or an Agreement State.

Please notify this office immediately, in writing, if CMT, Inc. is unable to meet any of these requirements/conditions. Also please notify this office: (1) of any changes to the licensed activities that the bankruptcy court may require; (2) when the bankruptcy proceeding is completed; and (3) when CMT, Inc. emerges from bankruptcy or when licensed material is transferred. Please contact Sattar Lodhi of this office at (610) 337-5364 if you have any questions or need information concerning the status of CMT, Inc.'s NRC license.

Current NRC regulations and guidance are included on the NRC's website at [www.nrc.gov](http://www.nrc.gov); select **Nuclear Materials; Medical, Med, Ind, & Academic Users**; then **Regulations, Guidance and Communications**. The current Enforcement Policy is included on the NRC's website at [www.nrc.gov](http://www.nrc.gov); select **About NRC, Organizations & Functions; Office of Enforcement; Enforcement documents**; then **Enforcement Policy (Under 'Related**
