**STANDING DECLARATION IN SUPPORT OF  
MOTION TO SUSPEND LICENSING DECISIONS**

Under penalty of perjury, I, Susan Dancer declare as follows:

1. My name is Susan Dancer. I live in Blessing, Texas. My home lies within 10 miles of the South Texas nuclear power plant.
2. I am a member of the SEED Coalition.
3. I am concerned that the storage of spent reactor fuel at the South Texas nuclear power plant poses the risk of environmental contamination as well as a serious accident involving radiological releases to the environment. Therefore I am concerned that spent fuel storage at the South Texas nuclear power plant site will jeopardize the health and safety of myself and my family and the value of our property. For the same reason, I am also concerned that the renewed operation of Callaway will have an adverse effect on the health of the environment in which I live.
5. Therefore, I have authorized the SEED Coalition to request the U.S. Nuclear Regulatory Commission to suspend the licensing decision for South Texas Units 1 & 2 unless and until it has completed analyses of the environmental impacts of spent fuel storage that were ordered by the U.S. Court of Appeals in *State of New York v. NRC*, Nos. 11-1045, on June 8, 2012.
