BEYOND NUCLEAR
REQUEST FOR HEARING AND LEAVE TO INTERVENE

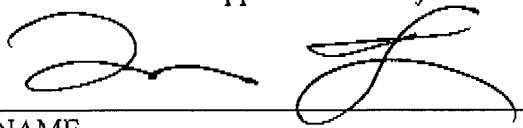

Under penalty of perjury, I, MARTHA FERRIS, declare as follows:

1. My name is MARTHA FERRIS
I live at 9403 Fisher Ferry Rd Vicksburg, MS 39180
My home lies within 20 miles of the GRAND GULF nuclear power plant.

2. I am a member of BEYOND NUCLEAR.

3. I am concerned that the generation and storage of spent reactor fuel at the proposed GRAND GULF UNIT 3 poses the risk of environmental contamination as well as a serious accident involving radiological releases to the environment. Therefore, I am concerned that spent fuel generation and storage at the GRAND GULF UNIT 3 site will jeopardize my health and safety and that of my family and the value of our property. For the same reason, I am also concerned that the granting of a combined construction and operation license for GRAND GULF UNIT 3 will have an adverse effect on the health of the environment in which I live.

4. Therefore, I have authorized BEYOND NUCLEAR to represent me before the U.S. Nuclear Regulatory Commission the combined operating licensing proceeding for GRAND GULF UNIT 3 with regard to the assessment of the environmental impacts of spent fuel storage as ordered by the U.S. Court of Appeals in *State of New York v. NRC*, Nos. 11-1045, on June 8, 2012.
