SUBJECT: HYDRO RESOURCES, INC., SITE VISIT AND LICENSE RENEWAL
APPLICATION PRE-SUBMISSION REVIEW

DATE & TIME: Tuesday, September 25, 2012, through Thursday, September 27, 2012
See enclosed agenda for times.

LOCATION: Hydro Resources, Inc.
Crownpoint Uranium Project
Section 8, Section 17, Unit 1, and Crownpoint

DOCKET NO.: 040-08968

PURPOSE: The purpose of this three-day meeting is for the NRC staff to visit the NRC licensed Hydro Resources, Inc. (HRI) Crownpoint Uranium Project *in situ* recovery (ISR) site. The NRC staff will also review HRI's license renewal application, prior to its submission to the NRC for full review, to identify potential major acceptance or technical review issues.

CATEGORY: This meeting is a Category 1 Public Meeting. The NRC's Policy Statement, Enhancing Public Participation in NRC Meetings, effective May 28, 2002, applies to this meeting. The policy statement may be found on the NRC Web site at: <http://www.nrc.gov/reading-rm/doc-collections/commission/policy/67fr36920.html> and contains information regarding visitors and security.

Members of the public may attend the site visits and observe the NRC staff's pre-submission review of HRI's license renewal application. During the site visits on Tuesday, questions may be asked by the public at the various stops. However, members of the public cannot view HRI's license renewal application, as it is a pre-submission and non-public document. HRI's license renewal application will also not become part of the meeting summary, since it will not be distributed to the public or removed from HRI offices by the NRC staff. The public is invited to observe the meeting and may ask questions at the end of the business portion of the meeting.

There is no space limitation for attendance during the September 25, 2012 site visit. Participants will need to provide their own transportation. Space at the HRI Crownpoint office is very limited for September 26 and September 27, 2012 pre-submission audit; therefore, attendance will be on a first come-first served basis. Please inform the meeting contact of your intention to attend the office portion of the meeting by September 18, 2012, by either telephone or email. Because meetings are sometimes canceled as a result of unforeseen circumstances, please confirm that this meeting will occur as scheduled on the NRC website at <http://www.nrc.gov/public-involve/public-meetings/index.cfm>. Times listed are approximate for the September 25, 2012 site visits, and may change due to field conditions or length of time needed to visit each site. The review debrief on September 27, 2012, will occur at the time listed in the agenda.
