**STANDING DECLARATION IN SUPPORT OF  
MOTION TO SUSPEND LICENSING DECISIONS**

Under penalty of perjury, I, Michael Atanasoff declare as follows:

1. My name is Michael Atanasoff.

I live at 125 Clingman Ave. #305 Asheville, NC.

My home lies within 60 miles of the proposed William States Lee nuclear power plant.

2. I am a member of the Blue Ridge Environmental Defense League and its chapter SAFE Carolinas.

3. I am concerned that the storage of spent reactor fuel at proposed William States Lee nuclear power plant poses the risk of environmental contamination as well as a serious accident involving radiological releases to the environment. Therefore I am concerned that spent fuel storage at the proposed William States Lee nuclear power plant site will jeopardize the health and safety of me and my family and the value of our property. For the same reason, I am also concerned that the operation of proposed William States Lee nuclear power plant will have an adverse effect on the health of the environment in which I live.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to request the U.S. Nuclear Regulatory Commission to suspend the licensing decision for William States Lee nuclear power plant unless and until it has completed analyses of the environmental impacts of spent fuel storage that were ordered by the U.S. Court of Appeals in *State of New York v. NRC*, Nos. 11-1045, on June 8, 2012.

3. I am concerned that the storage of spent reactor fuel at proposed William States Lee nuclear power plant poses the risk of environmental contamination as well as a serious accident involving radiological releases to the environment. Therefore I am concerned that spent fuel storage at the proposed William States Lee nuclear power plant site will jeopardize the health and safety of me and my family and the value of our property. For the same reason, I am also concerned that the operation of proposed William States Lee nuclear power plant will have an adverse effect on the health of the environment in which I live.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to request the U.S. Nuclear Regulatory Commission to suspend the licensing decision for William States Lee nuclear power plant unless and until it has completed analyses of the environmental impacts of spent fuel storage that were ordered by the U.S. Court of Appeals in *State of New York v. NRC*, Nos. 11-1045, on June 8, 2012.
