BEFORE THE COMMISSION

In the Matter of
Duke Energy Carolinas
Combined License Application
For William States Lee III Units 1 and 2

Dockets No. 52-018, 52-019

STANDING DECLARATION IN SUPPORT OF
MOTION TO SUSPEND LICENSING DECISIONS

Under penalty of perjury, I, Jean S. Karpen declare as follows:

1. My name is Jean S. Karpen.

I live at 12 Lakeway Circle, Weaverville, NC 28787

My home lies within 75 miles of the proposed William States Lee nuclear power plant.

2. I am a member of the Blue Ridge Environmental Defense League and its chapter SAFE Carolinas.

3. I am concerned that the storage of spent reactor fuel at proposed William States Lee nuclear power plant poses the risk of environmental contamination as well as a serious accident involving radiological releases to the environment. Therefore I am concerned that spent fuel storage at the proposed William States Lee nuclear power plant site will jeopardize the health and safety of me and my family and the value of our property. For the same reason, I am also concerned that the operation of proposed William States Lee nuclear power plant will have an adverse effect on the health of the environment in which I live.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to request the U.S. Nuclear Regulatory Commission to suspend the licensing decision for William States Lee nuclear power plant unless and until it has completed analyses of the environmental impacts of spent fuel storage that were ordered by the U.S. Court of Appeals in *State of New York v. NRC*, Nos. 11-1045, on June 8, 2012.

Under penalty of perjury, I, TODD MATTHEW ZIMMER declare as follows:

1. My name is TODD MATTHEW ZIMMER.

I live at 3133 Cutchin Drive, Charlotte, NC 28210.

My home lies within 45 miles of the proposed William States Lee nuclear power plant.

2. I am a member of the Blue Ridge Environmental Defense League and its chapter SAFE Carolinas.

3. I am concerned that the storage of spent reactor fuel at proposed William States Lee nuclear power plant poses the risk of environmental contamination as well as a serious accident involving radiological releases to the environment. Therefore I am concerned that spent fuel storage at the proposed William States Lee nuclear power plant site will jeopardize the health and safety of me and my family and the value of our property. For the same reason, I am also concerned that the operation of proposed William States Lee nuclear power plant will have an adverse effect on the health of the environment in which I live.

4. Therefore, I have authorized Blue Ridge Environmental Defense League to request the U.S. Nuclear Regulatory Commission to suspend the licensing decision for William States Lee nuclear power plant unless and until it has completed analyses of the environmental impacts of spent fuel storage that were ordered by the U.S. Court of Appeals in *State of New York v. NRC*, Nos. 11-1045, on June 8, 2012.
