Dear Mrs. Quinn-Willingham

We have received your request for consultation and participation in the supplemental coping process regarding the revised site layout for the Bell Bend Nuclear Power Plant combined License application for review.

We have checked our records for burial, archeological and historical concerns and also any other cultural resource concerns regarding this License application and have no concerns to address at this time, however it does not exclude all of the other Wisconsin Tribes.

At this time we would like you to defer this matter to the Haudasaunee Council.

If you have any questions please notify me via e-mail or phone.

Thank you for your attention in this matter.

Respectfully,

Corina Williams
Oneida Tribe of Indians of Wisconsin
