Pending Expiration of NRC License

(NOTE: This will be used as the
Documents Title in ADAMS)

6/28/2012 (13:10) I spoke with the receptionist who indicated that the RSO was on vacation and that Mr. Broncati was out of the office. The receptionist stated that Mr. Broncati would return my call. 6/29/2012 (09:15) The receptionist stated that Mr. Broncati had stepped out but would return my phone call when he returned. 7/1/2012 (11:00) I spoke with Mr. Broncati about the pending expiration of the company's NRC license. Mr. Broncati was concerned that the renewal application would require a fee. The company had not been paid by a number of its clients and there were a number of bills waiting to be paid. I informed Mr. Broncati that as long as there were no changes in the program, the annual fee process was separate from the renewal. I informed Mr. Broncati to use NUREG-1556, Vol. 1, Rev. 1, App.B to aid him with completing the renewal application. If there were any questions, I informed Mr. Broncati that he could call me for some answers.
