RULEMAKINGS AND
ADJUDICATIONS STAFF

While the Japanese government was addressing citizens within a limited range around the Fukushima disaster, the U.S. government advised its citizens to evacuate Tokyo.

Any questions?

I've got a question for you: Why don't you reflect such realities in planning for U.S. facilities?

Do me a favor: Earn your salary, and work for the people, not the nuclear power industry. Is that too much to ask?

Thank you,

Michael jay
