Good afternoon,

Recognizing the ongoing interest in the Davis Besse Shield Building issue, I've created an email distribution list to share the latest information and updates from Region 3 with NRR staff and management. Region 3 has the lead on this issue, and their expectation is for their message to be accurately conveyed through the PM (Mike Mahoney is still the Lead PM for Davis Besse, but I've been assisting him with this issue so please include both of us) to the appropriate staff. In an effort to maintain cohesiveness, please use the PM as the point of contact for HQ communications to the Region, where appropriate, and use the attached Distribution list to keep everyone involved.

If you would like to be taken off the list or want someone added, please let me know.

Thank you,

Pete Hernandez
