OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

The Associated Press reported in May that the NRC quietly relaxed requirements for disaster drills and evacuations -- "a move viewed as downright bizarre by some emergency planners."

I request that the NRC adopt the proposed rule expanding emergency planning zones to the respective 25, 50, and 100 mile zones and add a requirement that emergency exercises include scenarios of potential natural disasters such as hurricanes in Florida.
