**RE: Bond Amount for Permit No. 632, North Butte ISL Project**

Dear Mr. Leftwich:

The information presented in the 2012 Annual Report for Permit No. 632 has been reviewed by the Land Quality District III staff, and the Annual Inspection required by W.S. §35-11-411(c) was conducted on April 27, 2012.

In accordance with W.S. §35-11-411(d), I set the bond amount at \$10,360,000.00. This is an increase of \$1,842,000.00 from the current bond. This increase is due to proposed future activity. Please contact Ms. Deanna Hill, Bonding Analyst, at (307) 777-7756 for information on how to increase the bond. The corrected bond should be submitted to LQD within forty-five days of your receipt of this letter, care of Ms. Hill.

This bond amount is based only on an estimate of the cost of the state performing reclamation in the event of bond forfeiture. If this estimate proves to be less than the amount required, the Department will bring suit to recover the additional cost as allowed under W.S. §35-11-422.

If you have any questions regarding the bond amount, please contact Glenn Mooney in the Sheridan District Office at (307) 675-5615.

Sincerely,

Nancy Nuttbrock
