Dear Mr. Lawyer,

The US Environmental Protection Agency, in their role of managing our Bloomsburg Superfund site, has requested that we perform specific actions to safeguard the public during the continued decommissioning process. These actions and their associated costs are listed below:

1. Demolish and remove the old house adjacent to the property.	\$12,981.75
2. Repair perimeter fence damaged by storms.	\$ 3,000.00
3. Cut down vegetation surrounding perimeter fence along river	\$ 2,148.00
4. Purchase and Install new compliance signage	\$ 510.60
Total	\$18,640.35

We request your authorization to use the remaining funds in our Decommissioning Escrow Fund held at JP Morgan to help pay for these required expenditures. The current balance in this fund is \$16,929.51. If you are in agreement with this request, please send a letter to JP Morgan, with a copy to us, authorizing them to remit these funds to us. We confirm that the funds received will be used solely for the purposes described above.

Please contact me if you have any questions.

Regards,

William E. Lynch Jr.
President
