Dear Dr. Regits:

Enclosed is Amendment No. 01 amending your NRC Material License No. 34-32780-01 in accordance with your request. Please note that as a result of the approval of decommissioning financial assurance (DFA) for this license in conjunction with approval of the DFA by Region I for Cardinal Health's license in Connecticut (ref. letter dated April 30, 2012, signed by Betsy Ulrich, USNRC Region I), we have removed license condition number 13 from your license.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,
