Sorry about the March 7th letter. We have not responded to the letter.

We have not ask CO to take any action with regarding the license. Yes, a hearing is usually adjudicatory type process with formal testimony etc. CO has a similar process to what NRC uses outlined in their regulations.

Well, the Denver Post has it, so it would have been nice if I knew about it.

We are not asking CO to negate or revoke the license, correct?

And by "hearing" we use our usual distinction of "hearing" vs "meeting," ie., a legal process, yes?
