Michelle,
Please update the mobile phone number to: 515-473-8944 Other than that change, the contact information is correct.

I've attached the letter from Governor designating Mark Schouten as Iowa's Homeland Security Advisor and the press release on the appointment. Will this suffice for confirmation of his position?

Please let me know if there is additional information required.

Dear Mr. Schouten,

The U.S. Nuclear Regulatory Commission (NRC) is updating information for designated State contacts that receive advance notification of certain shipments of nuclear waste and spent fuel.

This morning Susan Moeller-Lomica of your staff indicated that you are the current Iowa contact for such notification. Please confirm by return email that you are the Iowa official to receive advance notification, and include confirmation of this designation from the Governor's Office. This may include a letter of appointment from the Governor, or other written communication (including email) from the Governor's office confirming your appointment as the Iowa contact for receiving advance notification of certain nuclear shipments. Additionally, please confirm that the contact information below is still correct:
