UniStar's letter with ADAMS Accession Number **ML12166A289**, dated June 13, 2012, provides a response date of April 15, 2013, for responding to Questions 03.07.02-70 through 03.07.02-74 of your RAI Number 343 (eRAI 6471). Please note the response date and let me or the Chapter PM (Mike Miernicki) know if the current EPM published date for completion of the SER (with no OIs) input from your branch to the projects requires any adjustment. It is my understanding that we may not need an adjustment to the current completion date in the EPM because of the later response dates for the other 3.7 questions. **Please confirm if you agree with my understanding.**
