**Subject:** Callaway Nuclear Power Plant License Renewal - Applicant's Environmental Report

Dr. Hunter,

Thank you for taking time to speak to me today. Per your request, please find below a link to the environmental report submitted by Union Electric Company, a subsidiary of Ameren Corporation, to the Nuclear Regulatory Commission for renewal of Callaway Nuclear Power Plant's operating license. Unfortunately, the size of the file exceeds NRC allowable limits for e-mail transmittal, but I can provide you with a copy on CD if the link does not suffice. I have also sent you a link to the NRC site page for the Callaway License Renewal. The page includes the total license renewal application, the projected timeline for the project, and a list of NRC contacts.

Link to applicant's ER: <http://www.nrc.gov/reactors/operating/licensing/renewal/applications/callaway/callaway-er.pdf>

Link to Callaway License Renewal Site:

Also per your request, I plan to provide you with copies of the surveys performed at Callaway upon receipt by the NRC. We should receive them by the end of May, but I will keep you apprised of any changes.

Please feel free to contact me at any time with any questions or concerns. I look forward to working with you.
