Subject: Amendment clarifying information
(NOTE: This will be used as the Documents Title in ADAMS)

I called Ms. Baldauff to clarify the accuracy of the information submitted in their amendment request dated June 26, 2012.

- 1: I mentioned to Ms. Baldauff that the SSD registrations depicted the new name of the manufacturer of their fixed gauging devices as Vega Americas Corporation and not Vega Americas, Incorporated as stated in their request. I reminded her to update the information on her inventory accordingly. I told her we would put the correct name of the manufacturer on the license to correspond to the SSD registration.
- 2: I also mentioned to her that in reviewing her license it appeared that the license condition authorizing decay-in-storage was inadvertently omitted during the last renewal. I had her confirm that they do utilize short lived materials and would benefit having that condition on their license. I told her I would add that as well.

I asked her if there were any other changes that needed to be made at this time and she said, "No". I thanked her for her time and ended the call
