Samuel, can you include Mike Mahoney and I on the email list for this and future calls please, or for any meetings about this. Just to keep us in the loop.

Thanks,

Pete

FYI – We've made some inquiries to try to strengthen our interface/coordination with the Division of License Renewal as we progress through our two concurrent, ongoing Davis Besse shield building inspections. As a result, Samuel Cuadrado de Jesús, License Renewal Project Manager, plans to set up a conference call with pertinent parties later this week to discuss.
