AnnMarie,

We are moving ahead with Davis-Besse and the shield building crack open item. Why don't we begin with a telecon between you, Raj and I?

Thanks,
Dennis Morey

Hi AnnMarie,

Dennis Morey actually has the projects branch for DB now and the tech issue is under Raj's branch (soon to be Mike Marshall).

Dennis and Raj would best to respond to this and are cc'd on here.

Thanks.

Bo,

Has a decision been made with respect to issuing the draft SER for Davis Besse with the shield building as an open issue? If the decision is "yes, we're moving forward," I would like to discuss with you and Melanie.

Ann Marie
