Thanks, Paul. How about August 16th at 8:30am EST? This is a Thursday.
Todd

Hi Todd,

Tuesdays and Thursdays is good for me. Since I work 10 to 11 hours every day, I am off on Fridays.

Subject: ESWPT and Fuel Storage Vault Ventilation

Paul,

Luminant has the action to see about setting up a conference call with the staff on a Chapter 9 question they had regarding ventilation for the ESWPT and Fuel Storage Vaults. Don Woodlan has asked me to take the lead in getting this call set up. I understand that the main purpose of the call will be for the reviewer to convey to us the question that he has. We may be able to answer it during the call, but depending on the depth of the question, we may simply gain an understanding of the question and then agree to get back you with a response.

I would like to propose the following three options for this call:

August 14th – during the window of 8am to 11am EST
August 16th – any time on this day
August 17th – any time on this day

Please let me know if you have a preference for a specific time during the above options, or please suggest an alternative if these options do not work for you.

Todd Evans
Luminant
