SUMMARY

We have reviewed your requesting license amendment request and find that we are unable to continue this action until we have received information regarding the following:

As we discussed, please provide additional information regarding the resources and availability for the new Radiation Safety Officer, who is currently the named RSO on several NRC licenses. Please see attached letter for additional information requested.

We have requested that you submit the referenced items:

- RSO resources and availability, per attached letter

- via facsimile, to (630) 515-1078. Please reference the Control No. 577354, as listed at the top of this memo. We expect to hear from you on or before June 28, 2012.

For future reference, please always include the name, phone number and fax number of at least one person whom we may contact for additional information when reviewing your licensing correspondence and requests.

Please submit the requested information within **15** days of this record. **Include reference control number 577354, Please FAX your response to my attention at (630) 515-1078.** You may also scan your response and send to me via email, as a pdf file.

Please direct any questions you have to me at **(630) 829-9892** or **sara.forster@nrc.gov**.

Philip Dulberger, M.D.
Chief Executive Officer/Chief Medical Officer
Indiana University Health Saxony Hospital
13000 136th Street
Fishers, IN 46038

Dear Dr. Dulberger:

In the letter dated March 27, 2012, you requested to replace the Radiation Safety Officer (RSO) on NRC's license number 13-32832-01 with a person who is currently listed as the RSO at Indiana University Health North Hospital in Carmel, Indiana. To adequately consider this request, the NRC will require additional specific information for review.

Mr. Anger is already the RSO at Indiana University Health North Hospital, and several other NRC Radioactive Materials licenses. We are concerned that Mr. Anger may not have sufficient time and the availability to oversee the radiation safety programs at your facility, if he becomes the RSO at your facility. Please provide the following information to ensure the safe operation at all facilities.

1. Please describe the amount of time each week Mr. Anger will spend at your facility located at 13000 136th Street, Fishers, Indiana, to adequately perform his duties as the RSO.
2. Please describe the mechanisms for alerting Mr. Anger in case of emergency involving radioactive materials at your facility when he is not present.
3. Please specify the amount of time it will take Mr. Anger to respond to an emergency involving radioactive materials at your facility when he is not present.
4. Please describe any previous commitments Mr. Anger has as the RSO and/or authorized user at other facilities and describe the impact this will have on his duties as the RSO at your facility. If there will be no adverse impact, please state so, and why.

Please provide a written response to this letter by June 28, 2012. Your response should be dated and signed by authorized personnel. You may submit your response via facsimile to my attention at (630) 515-1078. Include the reference control number 577354 with your response. We will resume our review once we receive your response. If you have any questions, please do not hesitate to contact me at 630-829-9892 or sara.forster@nrc.gov.

Sincerely,

Dear Mr. Anger:

Please see attached regarding additional information requested. This message is number two of four; relating to the second of the following four requests to add you as the Radiation Safety Officer on NRC licenses:

13-01719-02, Indiana University Health Tipton Hospital, Inc., C/N 577297
13-32832-01, Indiana University Health Saxony Hospital, C/N 577354
13-32773-01, Monroe Hospital, C/N 577376
13-32820-01, The Heart and Vascular Clinic, C/N 577491

If you have any questions, do not hesitate to contact me.

Sincerely,

Sara A. B. Forster, Health Physicist Licensing Reviewer
