Reactor Operator License SOP-2074-2,  
Barry Bezenek

Dear Sir:

It is requested that the Senior Reactor Operator License for Barry C. Bezenek, number SOP-2047-2, be renewed.

Mr. Bezenek has been actively engaged as a full-time Shift Supervisor at this facility since August 1, 1976; previously, he served as a Senior Reactor Operator. He has demonstrated above average performance in carrying out the responsibilities of a Senior Reactor Operator and in supervising the actions of the Reactor Operators.

Mr. Bezenek's Application and "Certificate of Medical History" are attached for your review.

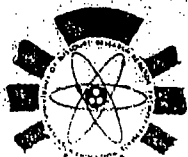

Mr. Melvin P. Spease, License No. SOP-2426-2, has recently left our staff and although his license is not due for renewal, there is no longer a need for the license.

Sincerely,

J. C. McKibben  
Reactor Manager
