**Sent:** Thursday, August 02, 2012 2:07 PM  
**To:** Daily, John  
**Cc:** Walpole, Robert W  
**Subject:** Indian Point - Draft RAIs - followup to partial response of June 14, 2012

John,

Entergy would appreciate a conference call on these RAIs prior to issuance. Entergy can support a call this Friday after 1pm and also Monday after 1pm. Let me know if either of these times is acceptable to you. Due to travel arrangements Tuesday does not look promising.

Thanks,

Roger Waters  
IPEC Licensing

**Subject:** Draft RAIs - followup to partial response of June 14, 2012

Bob,  
Attached please find three follow-up RAIs resulting from our initial review of your RAI response of June 14, 2012. Please have your staff review these and indicate to me if you desire a conference call to discuss them. As a reminder, the staff typically sends out SER-related RAIs in this format to allow about 7 days for a clarifying conference call, which the applicant can request. Following that, and in any case within about 7-10 days, the formal RAIs will be issued to the applicant.

Also, recall that, as of issuance by the staff of the GALL Report, Revision 2, and the associated Standard Review Plan-License Renewal, Revision 2 (both in December 2010), these are the current standards by which the staff evaluates AMP programs, items requiring further evaluation, associated AMR review line items, and TLAAs. Currently-issued staff ISGs such as ISG-LR-2011-01 (for example) and/or other generic communications should also be consulted by applicants as required, if the document is applicable to the issue being addressed by the applicant.

If you have any questions, please contact me.

Thanks!
