7/31/2012 (10:55) I spoke with the receptionist who indicated that Russell Ciafone, M.D. was busy but that I could speak to the Office Manager at 860-525-4005. (11:00) The Office Manager stated that their Nuclear Medicine Technologist (NMT) was working on the application. She really was not the person to speak to on these matters. (11:05) I spoke with Mr. Tracy, the NMT, who stated that he would call me back because he had a patient on the table. (11:22) the NMT indicated that the package had been sent out as "return receipt" mail but had not yet received the receipt back. The package was sent to the correct address. I stated that I would try to check and see if the package had come in yet if he did not receive the return receipt notice by next week.
