In the past, DSA Division management has asked me to answer for why the costs were so high. My name is on the contract as Technical Monitor. I need to be involved in these discussions with Sandia as well. Thanks.

Subject: Discussions with costs with Sandia

Jason and Tina,

One of the concerns that Sandia discussed with me in the past are different people discussing the same topic from NRC- sometimes it confuses the message for them. If possible, for money concerns at Sandia, please talk to me, and I will chase down the answers.

I am aware that some money was spent on the uncertainty analysis last month, and I will try to chase down exactly what it was spent on, and see that it doesn't unnecessarily happen again.

Thanks,
