The last time we went to Surry for SOARCA was in early August. We were there for one day. We arrived at the plant at 8:00 a.m. and departed the plant at 6:30 p.m. This time, I expect that we will be there for a full day as well.

Plan for working an entire day at Surry on Wednesday.

Thanks,

Is the plant visit only the morning of Wednesday?
And what are the return plans?

Yvonne,

Here is the thinking so far:

Participants: Sandia MELCOR analysts (KC Wagner, Kyle Ross), NRC (Bob Prato, Jason Schaperow, maybe Richard Chang), Dominion (Barry Garber, Bill Webster)
We would travel to Virginia on Tuesday, January 18, and meet with Dominion on Wednesday morning, January 19.

Thanks,
Richard

Importance: High

Richard,

The team is planning on the trip to Surry Plant next week and would like to know the schedule. Could you please provide what days you wanted to travel and days at the plant so they can make travel arrangements? Since Southwest is so easy about changing travel; I would suggest that you go ahead and make these arrangements.

Thanks,

Yvonne
