**Subject:** NOTIF. OF, AND REQ. FOR CMNTS. ON, PROPOSED OPTIONS TO MITIGATE THE ADVERSE EFFECTS OF THE POTENTIAL DEMOLITION OF FERMI 1

Dear Mr. Harrigan,

As we discussed, attached is your invitation to comment on the mitigation stipulations in our draft MOA, but since you are already involved in Monroe County Community College's (MCCC) exhibit planning, this letter is basically a formality. If you have no objections to Stipulations I and II, could you please indicate in your reply to this e-mail that you are an interested party in the resolution of adverse effects of Fermi 1's potential demolition, but do not have comments on the MOA (or list any comments that you do have)?

Also, in case you need to contact Randy Westmoreland, Fermi 3 Environmental Manager at Detroit Edison regarding the 1 pm tour of Fermi 1 on Dec. 2, 2011, his phone # is: 313-235-3368.

Please reply at your earliest convenience.

Thanks very much,  
John
