Subject: FW: Calvert Cliffs, Unit 3, Response to Request for Additional Information 358, Seismic Classification.

UniStar's letter with ADAMS Accession Number **ML12206A019**, dated July 19, 2012, provides a response date of September 20, 2012, for responding to Question 03.02.01-6 of your RAI Number 358 (eRAI 6539). Please note the response date. I am assuming that this response date should not have any impact on the current EPM published date for completion of the SER input from your branch to the projects branch because this RAI was basically issued to create an open item in the SER. If you think that my assumption is not correct, please let me or the chapter PM (Mike Miernicki) know immediately.
