Subject: RE: Proprietary Determination and Fact Chcek for Fermi SER Chapter 3

Today serves as the 10th day for DTE to make a PROP determination and complete a fact check on the Chapter 3 SER for Fermi. Is silence on this issue to be taken as there is no PROP information contained in Chapter 3? Please respond as tomorrow we will move forward with releasing the document to the public.

Thanks
Tekia

The NRC is currently processing the official letter to Fermi 3 which will carry the Chapter 3 SER with Open Items – the final product as we end Phase 2. Attached please find the courtesy copy of Chapter 3 –Design of Structures, Components, Equipment and Systems for your PROPRIETARY determination and fact check. Please provide the NRC with a response within 10 days that identifies PROP information in the safety evaluation, if any.

The password will be sent in a separate email.

Thanks
Tekia
