Dear Ms. Haney,

The Virginia Radioactive Materials Program (VRMP) has received a standby letter of credit from Areva NP, Inc. dated August 6, 2012. The VRMP and Office of Attorney General (OAG) have reviewed the letter of credit and determined it satisfies Virginia's financial assurance requirements under 12VAC5-481-450 C.

This letter is written to confirm that Areva NP, Inc. has met the necessary steps in order to transition their operations to Virginia and terminate their Nuclear Regulatory Commission license.

If you or your staff have any questions feel free to contact me at 804-864-8168 or [mike.welling@vdh.virginia.gov](mailto:mike.welling@vdh.virginia.gov).

Sincerely,

A handwritten signature in black ink that reads 'Michael Welling'.
