Michelle,

Please see the attached documentation. If there are any issues please let us know.

Thank you,
Jessica Hall

License No.: 49-12994-01
Docket No.: 030-06812
Control No.: 577635

Dear Mr. Bullard:

This is in reference to your license amendment request dated May 31, 2012 regarding Nuclear Regulatory Commission License No. 49-12994-01. In order to continue our review, we need the following additional information:

- 1) Please refer to the attached document and complete the checklist regarding your Change in Ownership. Please Sign, date, scan as pdf. and include in your response.
- 2) Please provide your certificate of training in Radiation Safety for Well Logging.

Also attached for your convenience is a copy of NUREG 1556 Volume 14 for Program-Specific Guidance About Well Logging, Tracer, and Field Flood Study Licenses. Please feel free to use this document as guidance for maintaining your Radiation Protection Program.

We will continue our review upon receipt of this information. Please reply to my attention at the Region IV Office and refer to Mail Control No. 577635. Please respond to this e-mail by **August 30, 2012**. You may reply via e-mail as long as the response is attached, signed, dated, and in a PDF format.

Please don't hesitate to contact me if you have any questions.

Thank You.

Best Regards,

*Michelle M. Hammond, M.Sc.
Health Physicist*

Information Required for Change of Control and/or Change of Ownership
(to include a name change)
Source: NUREG-1556, Volume 15

Please provide the following information concerning changes of control (transferor and/or transferee, as appropriate). If any items are not applicable, so state.

1. Provide a complete description of the transaction (i.e., transfer of stocks or assets, or merger). Indicate whether the name has changed and include the new name. Include the name and telephone number of a licensee contact who NRC may contact if more information is needed.

A. Description of the transaction:

Original owner passed ownership to children.

B. No name change

New name of licensed organization: _____

C. No change in contact

New contact: Jerry Bullard

New telephone number: 307-680-4587

2. Describe any changes in personnel or duties that relate to the licensed program. Include training and experience for new personnel.

A. No changes in personnel having control over licensed activities.

Changes in personnel having control over licensed activities (e.g. officers of a corporation):

B. No changes in personnel named in the license.

Changes in personnel named in the license (e.g. RSO, AUs) - include training, experience and responsibilities:

Jerry Bullard is the new RSO.

3. Describe, in detail, any changes in the organization, location, facilities, equipment or procedures that relate to the licensed program.

Organization:

Equipment:

Location:

Procedures:

Facility:

Not applicable

4. Describe the status of the surveillance program (i.e., surveys, wipe tests, quality control) at the present time and the expected status at the time that control is to be transferred.

A. Description of the status of all surveillance program:

Not applicable.

B. Surveillance Items & Records: calibrations, leak tests, surveys, inventories, and accountability requirements will be current at the time of transfer

Yes No (explain) Not applicable.

5. Confirm that all records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.

Records transferred to:

New licensee NRC for license termination Not applicable

6. Confirm that the transferee will abide by all constraints, conditions, requirements and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.

_____ will abide by all constraints, conditions, requirements and commitments of _____
(transferee company) (transferor company)

PHONE 405-631-2339

April 24, 1980

To Whom It May Concern:

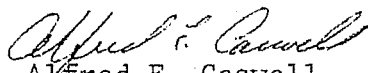

Messrs. Richard Fine, Jerry Bullard and John Warren have successfully completed my course in Radiological Safety. The course was held on April 19 and 20, 1980, at the Ramada Inn, Denver, Colorado.

The enclosed Course Outline indicates the scope of the course.

My qualifications include some twenty years active in Health Physics. I have a B.S. Degree in Chemistry and Math, and I have completed the basic and advanced courses in Health Physics given by the U.S. Public Health Service of Cincinnati, Ohio. I served as the Radiological Safety Officer for Well Surveys, Inc., Tulsa, Oklahoma; the Lane Wells Company, (now Dresser Atlas), Houston, Texas; and SIE, Inc., Fort Worth, Texas. I have taught over fifty short courses in Radiological Safety as it applies to oil and mineral logging.

I consider Messrs. Fine, Bullard and Warren qualified to work with the radioactive sources that they will be concerned with during their employment by Goodwell.

Very truly yours,

Alfred E. Caswell

March 19th, 1979

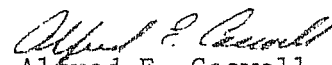

To whom it may concern:

Messrs. Tim Bickett, John Bullard, Joel Galvan, Terry McCalla and Craig Bullard of Goodwell, Inc. have successfully completed my course in Radiological Safety. The course was held on March 10th and 11th, 1979 in the offices of Goodwell, Inc. in Upton, Wyoming. The course covered the principles and practices of radiation protection; radioactivity measurement standardization and monitoring techniques and instruments; mathematics and calculations basic to the use and measurement of radioactivity and the biological effects of radiation. Copies of their final tests along with a copy of the course outline are enclosed.

The course was given by the undersigned. My qualifications include over twenty years of active participation in the field of Health Physics; completion of the Basic and Advanced Health Physics Courses given by the U. S. Public Health Service, Cincinnati, Ohio, and the teaching of some forty short courses in Radiological Safety as it applies to oil and mineral logging. I served as the Radiological Safety Officer for Well Surveys, Inc., Tulsa, Oklahoma; the Lane Wells Co. (now Dresser Atlas), Houston, Texas; General Nuclear Inc., Houston, Texas and SIE, Inc., Fort Worth, Texas. I also have a BS Degree in chemistry and mathematics.

I consider Messrs. Bickett, John and Craig Bullard, Galvan and McCalla qualified to work with the radioactive sources that they will be concerned with during their employment by Goodwell.

Very truly yours,

Alfred E. Caswell
