Re: Notification of Remobilization to the Alameda, CA Site under Nuclear Materials License Number 05-27748-01

Dear Regional Administrator:

MACTEC Development Corporation (MDC) is providing written notification to keep the NRC informed concerning site activities associated with work at a temporary job site: IR-1 and IR-32 Sites, NAS Alameda, Alameda, California. Work will be conducted from August 28th through August 30th.

A previous letter on February 12, 2012 was sent to the NRC informing the NRC of our initial activation of licensed activities at this site. The activities to be conducted and the radiological quantities and potential hazards remain the same as those stated in the February 12th letter.

MDC has also contacted Mr. Richard Haleem, Radiologic Health Branch, California Department of Public Health, informing him of our remobilization.

The on-site RSO and point of contact for this mobilization period is Art Samiljan and he can be reached at 303-249-8955. All other questions can be directed to me at:
