

LOST CREEK ISR, LLC
AFFIDAVIT OF JOHN W. CASH

1. My name is John W. Cash, and I am Vice President of Exploration of Ur-Energy USA Inc., the sole Member and the Manager of Lost Creek ISR, LLC. I am authorized to execute this affidavit on behalf of Lost Creek ISR, LLC (LC ISR, LLC) and may bind LC ISR, LLC to the statements contained herein;
2. On July 31, 2012, LC ISR, LLC submitted a letter to the US NRC regarding responses to questions pertaining to the surety for the Lost Creek Project (License SUA-1598);
3. Included with the July 31, 2012 submittal are two Power of Attorney documents located immediately before the surety calculation table (attached here as well);
4. Pursuant to NRC regulations in 10 CFR §2.390(a)(4), LC ISR, LLC has labeled the two Powers of Attorney with the statement "Request NRC Confidentiality;"
5. For the following reasons, LC ISR, LLC asserts that the Power of Attorney documents should be withheld from public disclosure as confidential information:
 - i. The Powers of Attorney contain confidential financial and commercial information obtained from third parties, which information does not substantively affect or alter the information contained in the principal surety agreement documents submitted in response to the NRC's requests for additional information. Further, the disclosure of confidential and proprietary information could cause competitive or business harm to the third parties to which the information belongs;
 - ii. The information contained in the Powers of Attorney is being transmitted to the Commission with this affidavit. Indeed, any such data and information shown to NRC Staff were only revealed in a non-public context;
 - iii. The information conveyed in the documents is not available in any public sources; and
 - iv. LC ISR, LLC fully understands that withholding the designated data and information does not preclude [or deprive any independent party of the right to inspect the confidential information] any independent party from inspecting the confidential information under the terms of an appropriate protective order in the context of an NRC licensing hearing or other administrative proceeding.
