Haimanot and Amy

I spoke to Chuck Berdan, BLM Biologist (retired) about the stipulations for Powertech. He looked them over and agreed with what I sent you a few days ago. He suggested we also include the sage grouse stipulation. It is on the appendix list I gave you. The stipulation is a No Surface Occupancy within ¼ mile of sage grouse leks.

We do not know of any sage grouse leks on or near the project site but it is a remote possibility that one could be found as there is an inactive lek 15-20 miles southwest of the project site (SW of Edgemont).

Give me a call if you have questions.

Mitchell

I just wanted to confirm our meeting scheduled for Monday at 11:30 EST (9:30 your time). I will call you at your office and link Amy (Ecology Reviewer).

Thanks and have a nice weekend.
