In the Matter of
NEXTERA ENERGY SEABROOK, LLC
(Seabrook Station, Unit 1)
Docket No. 50-443-LR

Dear Administrative Judges:

Pursuant to 10 C.F.R. §§ 2.1203 and 2.336 (as amended August 3, 2012 (77 Fed. Reg. 46562)) and as modified by the Atomic Safety and Licensing Board's ("Board") Initial Scheduling Order dated April 4, 2011 (as amended Orders dated August 23, 2011 and October 3, 2011), and the Board's Memorandum and Order (Granting Joint Motion Regarding Mandatory Disclosures) ("Order"), dated November 10, 2011, the staff of the Nuclear Regulatory Commission ("Staff") is providing an index (Attachment 1) identifying documents subject to disclosure under the Board's Order.

On or about September 6, 2012, materials in the hearing file may be accessed through the Agencywide Documents Access and Management System ("ADAMS") and through the Electronic Hearing Docket ("EHD"). The index contains the ADAMS accession number, document date, and the document title.

Pursuant to 10 C.F.R. § 2.336(c), attached is the Affidavit of Michael Wentzel, certifying that all relevant materials required by this section have been disclosed, and that the disclosures are accurate and complete as to documents identified by August 15, 2012.

The NRC Staff notes that it has made a good faith effort to identify and characterize all documents meeting the criteria of 10 C.F.R. § 2.336(b) and 10 C.F.R. § 2.1203 in this proceeding. In identifying these documents, the Staff does not concede their relevance to the license renewal or to the issues to be decided in this proceeding.

Sincerely,

Signed (electronically) by
