SUBJECT: ABB INC., REVIEW OF FINAL STATUS SURVEY REPORT SUBMITTAL #3
AND FINAL STATUS SURVEY PLAN, REVISION 1, CONTROL NO. 576511

Dear Mr. Conant:

On December 22, 2011, ABB Inc. submitted Final Status Survey Report Submittal #3 (FSSR#3) for U.S. Nuclear Regulatory Commission (NRC) review. FSSR#3 includes the burning grounds, drum burial pit, woods area, building 2 sanitary waste line, and the clam shell pile. In addition, ABB Inc. submitted the Final Status Survey Plan, Revision 1 (FSSP, Rev.1), on March 30, 2012, for review.

The NRC has reviewed FSSR#3 and FSSP, Rev. 1 and has no questions or comments at this time. Please note that the completed review of FSSR#3 does not mean that the areas covered by this report are approved for unrestricted use at this time. That determination will be made after all seven FSSRs have been submitted and reviewed.

Thank you for your cooperation in this matter. If you have any questions regarding this letter, please call me at (610) 337-5236.

Sincerely,

Original signed by John Nicholson
