RAI New License Application dtd 8/07/2012

Licensee was called to request additional information regarding its new license application for possession and use of portable gauges. The following items were discussed with the licensee:

1. Form 313 must be signed by a principal of the corporation.
2. Item 5, included IPL Model HEG-137-8M. Requested change to HEG-137 as specified in the SSD.
3. Item 5 did not include IPL sealed source Am1.NO2 as reflected in the SSD.
4. Requested the licensee provide the quantity of each gauge requested for authorization.
5. Item 8 did not specify that individuals will be trained before using gauges, NUREG-1556 reference incomplete.
6. Item 10, discussed the licensee's frequency of performing sealed source leak tests.
7. Item 10 "Operating and Emergency Procedures," requested licensee use the applicable suggested response from the NUREG appendix.
8. Item 10, "Maintenance," requested the licensee use the applicable suggested response from the NUREG appendix.

Requested the licensee provide a revised application to RI to reflect the items discussed above. Licensee agreed to submit the revised application as soon as possible.

Action Required: Save this telephone record in ADAMS referencing the Docket, License, and Mail Control numbers above. Licensee to submit revised application.
