John/Steve,

Please provide final review and comments on the attached draft IIFP license. This draft was sent to OGC and upper management today for “No Legal Objection” and concurrence, respectively. Previously you had provided comments on the draft license, but a few minor changes have been incorporated (e.g., removed testing from license condition #13). We would appreciate a quick turnaround for any comments you may have and request your feedback via email as soon as possible but no later than COB September 14, 2012. (Note that additional changes may occur due to OGC and management review, but we would communicate major changes to you.)

Please contact me if you have any questions.

Steve: I am cc'ing you since I believe John is on travel/vacation.

Sincerely,

Matt Bartlett
