**Re: Letter of Intent to Amend the Shirley Basin License to Initiate In Situ Recovery  
Docket 40-6622, License Number SUA-442**

Dear Mr. Satorius,

On July 24, 2012, Ur-Energy USA Inc. signed a definitive agreement to purchase Pathfinder Mines Corporation (PMC), including the Shirley Basin Project in Carbon County, Wyoming, contingent upon receiving the required regulatory approvals. With this letter, Ur-Energy is notifying the NRC of our intent to recover uranium from the Shirley Basin Project using in situ mining techniques. Toward that end, we anticipate concluding the collection of baseline data in the winter of 2013-14 and submitting a license amendment request to the NRC in the first quarter of 2014.

If you have any questions regarding this submittal or require additional information please don't hesitate to contact me at (307) 265-2373.

Regards,
