Reference: Letter, Brian W. Smith (NRC) to Julie A. Olivier (GLE) GENERAL ELECTRIC-HITACHI'S GLOBAL LASER ENRICHMENT ENGINEERING AND INDUSTRIAL PROGRAM CYBER SECURITY PLAN COMMENTS, August 2, 2011.

Subject: **GLOBAL LASER ENRICHMENT PROGRAM CYBER SECURITY PLAN REQUEST FOR EXTENSION**

Dear Ms. Holahan:

Global Laser Enrichment (GLE) respectfully requests an extension of 30 days to respond to the NRC letter dated August 2, 2012, regarding GLE's cyber security plan for the Wilmington facilities. GLE has identified a technical issue that must be resolved prior to being able to respond to the comments in the August 2 letter. While we will make every attempt to respond sooner, we would request an extension until October 1, 2012 to respond.

If there are any questions regarding this letter and its contents, please do not hesitate to contact me at 910-819-4799 or at Julie.Olivier@ge.com.

Sincerely,

A handwritten signature in black ink that reads "Julie A. Olivier". The signature is written in a cursive style.

Julie Olivier
