

**Docket, Hearing**

---

**From:** Dale Saltzman [dalesaltzman1@gmail.com]  
**Sent:** Wednesday, September 12, 2012 9:38 PM  
**To:** Docket, Hearing  
**Subject:** Indian Point

If your body is true to its charge to protect the public you cannot in good conscience relisence Indian Points 2 and 3 for another 20 years. The reasons are simple, the electricity is not needed, the area that the plants are located in is highly populated, and the nuclear waste is an unresolved issue.
