**To:** Docket, Hearing  
**Subject:** Indian Point Re-Licensing

As a citizen of New York State who is concerned with the health and welfare of my family and the families of my fellow state citizens, I urge you to prevent the re-licensing of the Indian Point Nuclear Reactors. These reactors are old, are in a highly vulnerable location, are too close to a major population center. Furthermore, they are storing dangerous used fuel rods. The health and safety of New Yorkers should be the first priority in considering re-licensing. I urge you to de-commission the plant. Close Indian Point!
