

RASE-932

Docket, Hearing

From: Elizabeth A Foster [lfoster42@mac.com]
Sent: Wednesday, September 12, 2012 7:36 PM
To: Docket, Hearing
Subject: Close Indian Point

What we learned from the Japan nuclear accident is that we cannot guarantee the safety of a nuclear plant. There are way too many people put at risk by the presence of the Indian Point plant. Please close this plant. There have to be other ways of dealing with the need for energy. Do not sacrifice the citizenry.
