Docket, Hearing

From: Margaret Yonco-Haines [margaret@haines.org]
Sent: Thursday, September 13, 2012 1:18 PM
To: Docket, Hearing; Siarnacki, Anne
Subject: Close Indian Point

Do not relicense the Indian Point reactors and end the risk to our community. The Indian Point nuclear plant is an ongoing ecological disaster and a looming risk to millions of us living in its shadow. We should not have to live in fear every day.

Margaret Yonco-Haines
