**Subject:** close Indian Point

Dear Sir or Madam,

I live near the Indian Point nuclear power plant and want it closed down.

There have been multiple problems at Indian Point for years and it is a terrorist target.

Over 16 million people live close to this nuke and if there, God forbid, was an accident, it would be a tragedy of monumental proportions.

Lets show the rest of the country why New York is such a great state, start changing to wind, solar, hydro power, etc., and avoid a possible "Chernobyl on the Hudson".

Very truly yours,
