Document_Title: Generic Environmental Impact Statement for License Renewal of Nuclear Plants: Supplement 38 Regarding Indian Point Nuclear Generating Unit Nos. 2 and 3 - Draft Report for Comment NUREG-1437, Supplement 38, Volume 4, Draft Report

Comments: RE: Generic Environmental Impact Statement for License Renewal of Nuclear Plants: Supplement 38 Regarding Indian Point Nuclear Generating Unit Nos. 2 and 3

Draft Report for Comment NUREG-1437, Supplement 38, Volume 4, Draft Report

Dear Nuclear Regulatory Commissioners:

Indian Point needs to be shut down now, and all the on site fuel put into cask storage. It is long past its useful life and as Fukushima has shown, the risks are far too great to continue gambling the lives of over 10 million people. Please do not relicense Indian Point.

Sincerely,

Blaise Dupuy
