Subject: RE: OMB Memorandum on Conference Spending

I would suggest that EDO/ADM have the lead (they're responsible for these contracts) and that they coordinate with OCFO and OGC. It is appropriate for us to reply and to make sure we are being prudent – and I would expect OMB to want us to reply, as I think Jim Dyer heard at the CFO council.. As a strictly legal matter, this isn' addressed to independents.

Subject: OMB Memorandum on Conference Spending

I have attached the OMB memorandum concerning conference spending. It is my understanding that this memorandum does require NRC response. Initially it was assigned to the EDO/CFO to Prepare Response for Chairman's signature, the assignment was changed to Appropriate Action.

With the knowledge that a response is required, please let me know who is preparing the response and for who's signature?

Thank you

Billie A. C-Lopes
