**Subject:** UPDATED ADDITIONAL INFORMATION REQUEST

Mr. Day:

Please disregard the request for additional information that Ms. Hill requested on August 2, 2012 and that you responded to on September 5, 2012. She inadvertently requested the wrong information for the type of license you have (medical vs fixed gauge).

1. Please commit to the following:

- Statement that: "Before obtaining licensed materials, the proposed RSO will have successfully completed the training described in Criteria in the section entitled 'Radiation Safety Officer' in NUREG-1556, Vol. 4, 'Consolidated Guidance about Materials Licenses: Program-Specific Guidance about Fixed Gauges Licenses,' dated October 1998"; **and**
- Statement that: "Before being named as the RSO, future RSOs will have successfully completed the training described in Criteria in the section entitled 'Radiation Safety Officer' in NUREG-1556, Vol. 4, 'Consolidated Guidance about Materials Licenses: Program-Specific Guidance about Fixed Gauges Licenses,' dated October 1998. Within 30 days of naming a new RSO, we will submit the new RSO's name to NRC to include in our license.

2. Please submit a copy of your certificate of completion.

3. In addition for the former RSO, Mr. McCullough, there is a request that a copy of all correspondence be sent to the RSO @ ATTN: Mark A. McCullough, 116 Flatiron Drive, Buffalo, WY 82834. Please confirm if there is a similar request for you as the new RSO.
